

## **Park Planning Meeting Saturday July 16, 2011 at Jean's house**

Attending: Paul Kos, David Adams, Juan Jayo, Jean Bogiages

The group reviewed the history of applications for phase 1 and phase 2 of the Utah & 18<sup>th</sup> Street mini-park. Also reviewed were the comments from the meeting between Jean, Sunya Ojure (NPC) and Lanita Hernandez (CCG) about why the last application was rejected. We plan to apply again at the October 2011 cycle.

Ideas resulting from the discussion were:

- We should search for funding to supplement the CCG so that we do not ask the CCG for \$100,000, but ask for less.
- We should better itemize the wall and concrete costs in the budget.
- We should consider removing the circle area from Phase 2 if that will reduce costs.
- Paul will check with folks who are involved with his most recent project for ideas related to funding.
- Juan will see if PG&E can be a source of funding.
- Jean will look into the list of funders sent to us by NPC.
- We will emphasize the safety aspect of adding an activity court to the park. The more the park is used for lawful activity, the safer the area will be.
- We should look into getting funding help from businesses in the neighborhood (UPS, World Gym etc)

We will schedule a meeting with Jeff to discuss the project.
